AGENDA

- | | |
|---|---------------------|
| 1. Introductions | 11:00 am – 11:15 am |
| 2. Michael Komp, Technical Program Manager, Ag Technology | 11:15 am – 12:00 pm |

Mike is the Technical Program Manager for Ag Technology at the Noble Research Institute. His team works to implement applied technology into research and consultation efforts at NRI; this includes UAS, remote sensing, and other data-rich technologies. He has degrees in Natural Resources, Business, and Geographic Information Science.

- | | |
|--|---------------------|
| 3. Networking Opportunity | 12:00 pm – 12:15 pm |
| 4. Grayson Ardies, Oklahoma Aeronautics Commission | 12:15 pm – 1:00 pm |

In 2016 he became Manager of the Airport Development Division to oversee the development of the Commission's Three-year Capital Improvement Program which directs approximately \$18 million of federal, state, and local funding per year. As head of the Division, he oversees program managers that conduct airport inspections, airspace zoning reviews in accordance with the State's Aircraft Pilot and Passenger Protection Act, implement the state's anemometer tower marking law, and provide assistance to airports with their development, operation, and technical documents. He currently serves as the agency's UAS coordinator and as project lead for the statewide aviation economic impact study.

- | | |
|---|-------------------|
| 5. Tom Kilpatrick, CEO CloudDeck Media & the Governor's Aerospace and Autonomous Systems Advisory Council | 1:00 pm – 1:45 pm |
|---|-------------------|

Tom is the Founder of Oklahoma City-based CloudDeck Media LLC, a commercial UAV ("drone") operations company involved with photography, videography, inspections, 3D modelling & analysis, training and education. Tom is Oklahoma's first fully-FAA -authorized commercial UAV operator, holding an FAA pilot's license, FAA Section 333 exemption, and N-numbers on all UAVs. Tom serves corporate, government, institutional and media clients with work experience in commercial real estate, network breaking news, litigation, law enforcement and public safety.
